Lanxess' Nagda employees receive personal medical cards

Lanxess India Pvt. Ltd. has issued new personal medical cards to each of its employees at Nagda carrying the medical status of each employee. The cards were given to post a comprehensive health check — by a reputed industrial doctor from Mumbai. A health check-up was also organised for all contractors. The medical reports certify that all employees at the Nagda site are fit and none of them suffers from any occupational related illnesses. Additionally, the company has covered its permanent employees and their families by a Mediclaim policy.
